Reinvented

ROADS I Charter High School

Reinventing Options for Adolescents Deserving Success (ROADS) is a new network of charter high schools in New York City. Our mission is to ensure that over-age, under-credited students graduate from high school thoroughly prepared to excel academically, professionally, and personally.

1

ROADS is a place that utilizes its core values to educate and empower young people!

URGENCY:

We work purposefully and relentlessly to achieve our goals because we believe that all students deserve opportunity to succeed personally & professionally

DETERMINATION:

We operate as leader in all we do and set high expectations; we persevere and we do not give up even when the task ahead is challenging and has no easy solutions

COMMUNITY:

We respect and value each other's experiences and ideas; we support, uplift, restore, thank and celebrate each other; we collaborate and help each other problem-solve to achieve success; we find joy in working together

STRAIGHT TALK:

We are honest and direct with each other even if we disagree and/or need someone to help facilitate/mediate the conversation; we do not instigate or fuel rumors but instead, nip them in the bud; we hold each other accountable to reaching goals and achieving commitments

CONTINUOUS GROWTH & IMPROVEMENT:

We do not make judgements about each other's past; we aspire to get better every day; we ask for help when we need it.

Let our academic pathways, be your road to success!

Graduation Requirements

Math	6
Science	6
Social Studies	8
English	8
Physical Education	4
LOTE	2
Electives	10
44 Total Credits	

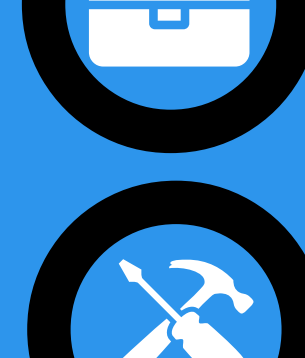

College Prep

The College Prep Pathways is designed to engage students who have the desire to attain a college degree. This pathway has a heightened focus on academic achievement, to not only ensure that students are accepted into college but prepared to excel on their collegiate journey.

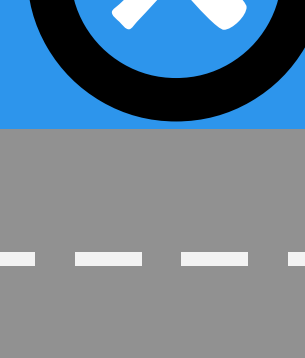

Arts & Athletics

The Arts & Athletics pathway is geared towards artists and athletes interested in developing and acquiring the necessary skills to ensure a foundation in their desired field. Students in this pathway will graduate with a professional portfolio designed for success in their intended field. This pathway focuses on individual achievement through dance, music, theatre, art, and sports, in a way that is driven by the students' desire to succeed

21st Century Workforce

The 21st Century Workforce pathway is a job readiness program focused on individuals who are interested in pursuing a career immediately after high school, and preparing students with 21st century workforce skills. This pathway enables students to partake in our internship program, to earn income as a high school student

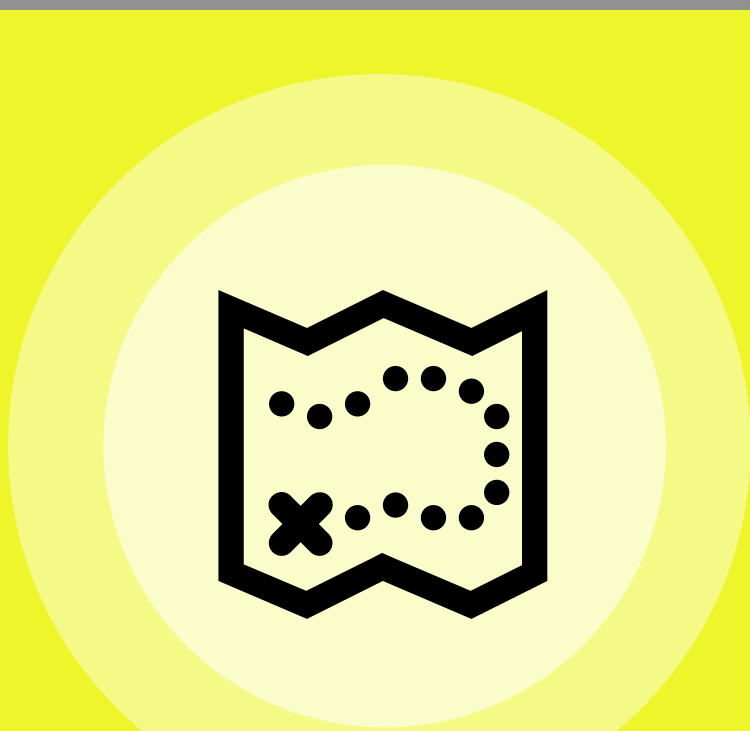

Vocational Pathway

The Vocational Pathway is focused on training students in varying vocations. Students will be provided, practical hands-on experiences, leading to transferrable skills and certifications to further their success after leaving ROADS Brooklyn.

3

We will help you as you are finding your way

ROADS offer school based mental health services to support students emotional needs

We offer group therapy for students experiencing traumatic stress.

EVERY student will have a dedicated advocate to ensure that they are on track for attendance, goals, and success throughout their time at ROADS

4

JOIN US!!! Let ROADS be a part of your journey!

ROADS is open to students who were born in 2000 or 2001, AND have already completed 7th grade, AND are 1 grade or more behind, AND have 11 or fewer high school credits

Students that apply for the 2016-2017 School Year (SY) will be eligible for admissions throughout the school year until a seat becomes available. If an applicant turns 17 years old while on the 2016-17 SY admissions list they will still be eligible for the Spring semester of 2017
